

WILLIE SMITHE'S BONE DRY

Our most crisp cider brings orchard-fresh apple flavour, without the sugar.

As the name suggests, this is our bold, dry and refreshingly crisp cider. Made on the farm, these apples travel mere metres to be crafted into cider.

Although we use the same varieties of eating apples as our organic, all the sugar is fermented out allowing this cider to showcase each of the apples' complex layers in their rawest form.

Fresh acid crunch that softens into a broad and creamy lingering finish, it'll leave you wanting more.

100% Tasmanian Apples

Pink Lady, Fuji and Royal Gala

6.5% ABV | 16 x 355ml | 50L Keg
